Controller of Examinations

AAKASH

Each Letter Grade awarded to the student indicates the level of performance of student in a course and it has a Grade Point for the purpose of computing the Cumulative Grade Point Average (CGPA) as given below:

Letter Grade	Performance	Grade Point
O	Outstanding	10
A+	Excellent	9
A	Very good	8
B+	Good	7
B	Above Average	6
C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

Issued on28-10-2020.....

Each Letter Grade awarded to the student indicates the level of performance of student in a course and it has a Grade Point for the purpose of computing the Cumulative Grade Point Average (CGPA) as given below:

Letter Grade	Performance	Grade Point
O	Outstanding	10
A+	Excellent	9
A	Very good	8
B+	Good	7
B	Above Average	6
C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

KAPIL

Each Letter Grade awarded to the student indicates the level of performance of student in a course and it has a Grade Point for the purpose of computing the Cumulative Grade Point Average (CGPA) as given below:

Letter Grade	Performance	Grade Point
O	Outstanding	10
A+	Excellent	9
A	Very good	8
B+	Good	7
B	Above Average	6
C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

NITESH

Each Letter Grade awarded to the student indicates the level of performance of student in a course and it has a Grade Point for the purpose of computing the Cumulative Grade Point Average (CGPA) as given below:

Letter Grade	Performance	Grade Point
O	Outstanding	10
A+	Excellent	9
A	Very good	8
B+	Good	7
B	Above Average	6
C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

SIDHARTH

Each Letter Grade awarded to the student indicates the level of performance of student in a course and it has a Grade Point for the purpose of computing the Cumulative Grade Point Average (CGPA) as given below:

Letter Grade	Performance	Grade Point
O	Outstanding	10
A+	Excellent	9
A	Very good	8
B+	Good	7
B	Above Average	6
C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

AMIT

Each Letter Grade awarded to the student indicates the level of performance of student in a course and it has a Grade Point for the purpose of computing the Cumulative Grade Point Average (CGPA) as given below:

Letter Grade	Performance	Grade Point
O	Outstanding	10
A+	Excellent	9
A	Very good	8
B+	Good	7
B	Above Average	6
C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

B	Above Average	6
C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

Each Letter Grade awarded to the student indicates the level of performance of student in a course and it has a Grade Point for the purpose of computing the Cumulative Grade Point Average (CGPA) as given below:

Letter Grade	Performance	Grade Point
O	Outstanding	10
A+	Excellent	9
A	Very good	8
B+	Good	7
B	Above Average	6
C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

B	Above Average	6
C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

A+	Excellent	9
A	Very good	8
B+	Good	7
B	Above Average	6
C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

Controller of Examinations

SUNIT

Each Letter Grade awarded to the student indicates the level of performance of student in a course and it has a Grade Point for the purpose of computing the Cumulative Grade Point Average (CGPA) as given below:

Letter Grade	Performance	Grade Point
O	Outstanding	10
A+	Excellent	9
A	Very good	8
B+	Good	7
B	Above Average	6
C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

A+	Excellent	9
A	Very good	8
B+	Good	7
B	Above Average	6
C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

B+	Good	7
B	Above Average	6
C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

Each Letter Grade awarded to the student indicates the level of performance of student in a course and it has a Grade Point for the purpose of computing the Cumulative Grade Point Average (CGPA) as given below:

Letter Grade	Performance	Grade Point
O	Outstanding	10
A+	Excellent	9
A	Very good	8
B+	Good	7
B	Above Average	6
C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

Controller of Examinations

SURESH

Each Letter Grade awarded to the student indicates the level of performance of student in a course and it has a Grade Point for the purpose of computing the Cumulative Grade Point Average (CGPA) as given below:

Letter Grade	Performance	Grade Point
O	Outstanding	10
A+	Excellent	9
A	Very good	8
B+	Good	7
B	Above Average	6
C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

JYOTI

Each Letter Grade awarded to the student indicates the level of performance of student in a course and it has a Grade Point for the purpose of computing the Cumulative Grade Point Average (CGPA) as given below:

Letter Grade	Performance	Grade Point
O	Outstanding	10
A+	Excellent	9
A	Very good	8
B+	Good	7
B	Above Average	6
C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

Controller of Examinations

KUSUM

Each Letter Grade awarded to the student indicates the level of performance of student in a course and it has a Grade Point for the purpose of computing the Cumulative Grade Point Average (CGPA) as given below:

Letter Grade	Performance	Grade Point
O	Outstanding	10
A+	Excellent	9
A	Very good	8
B+	Good	7
B	Above Average	6
C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

POONAM

Each Letter Grade awarded to the student indicates the level of performance of student in a course and it has a Grade Point for the purpose of computing the Cumulative Grade Point Average (CGPA) as given below:

Letter Grade	Performance	Grade Point
O	Outstanding	10
A+	Excellent	9
A	Very good	8
B+	Good	7
B	Above Average	6
C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5

Each Letter Grade awarded to the student indicates the level of performance of student in a course and it has a Grade Point for the purpose of computing the Cumulative Grade Point Average (CGPA) as given below:

Letter Grade	Performance	Grade Point
O	Outstanding	10
A+	Excellent	9
A	Very good	8
B+	Good	7
B	Above Average	6
C	Average	5
P	Pass	4
F	Fail	0
Ab	Absent	0

A student who earns F or Ab Grade in a course shall have to re-appear in that course in the subsequent examination(s).

Cumulative Grade Point Average (CGPA) is the weighted average of all the grades & is computed as follows:

$$CGPA = \frac{\sum C_i G_i}{C_i}$$

C_i denotes the credits assigned to i^{th} course and G_i indicates the Grade Point Equivalent to the Letter Grade obtained by the student to the i^{th} course.

NOTE:

The Percentage of Marks obtained by a student can be calculated as = CGPA multiplied by 9.5
